The Costa del Sol offers a series of large beaches, coves hidden amongst cliffs, famous leisure marinas such as Puerto Banus and tranquil fishing ports.

In the provincial capital of Malaga stands the military fortress of La Alcazaba, built by the moors in the 11th century. At the far end of the Costa del Sol is the geographical and political oddity of Gibraltar, with visits to see the Barbary Apes and abundant military history. This great diversity means that it has something to offer to just about everyone, with enough entertainment and variety to please all kinds of visitors.

The Mediterranean sea is warm and safe with hills and high mountains sheltering the coastline. These elements allow for an all year micro climate making it the perfect location for golf and other outdoor activities.
